

VICORE

0-90

THE DETAILS

With the smoothest adjustment mechanisms in the industry, the 0 – 90 Bench will glide to any number of angles, providing you a platform for infinite ways to strengthen your entire body. Usually, when using a bench of this type, a great deal of pressure is placed on the scapula as well as the lower pelvic region, with soft surface technology, this is a non issue. There are zero hot spots or pressure points.

- Strut assisted multiple adjust
- Premium commercial bearings and mechanisms
- Adjust from 0 – 90 degrees
- Integrated easy grip foot pads
- Proprietary two step paint process
- Robotic welds
